PUT SOME COLOUR IN YOUR PROJECTS!

Because we know that every architectural project is a unique one, Exolon Group offers you a panel of colours so that you can imagine your own.

But as imagination is the only limit to your creativity, Exolon Group works with you to create your own custom project with the colours that inspire you.

We are there to hear your needs and desires and to put colour in your projects.

CHOOSE AKYVER®

AkyVer® is a complete range of multiwall polycarbonate sheets and systems. For more than 40 years, AkyVer® has been able to combine the quality of its products together with technical performance and aesthetic design to meet a variety of architectural projects.

› More than 40 years of expertise

AkyVer® brand expresses durability and quality proven over the years through long term partnerships with our customers.

› Dedicated sales and technical experts

Our team of experts accompany you from your project to the realization on site.

› Local Production International scope

With production based in Nera Montoro, in Italy, Exolon Group serves the whole of Europe and beyond.

High Environmental Quality

"Closing the Loop" is a program which we have initiated to minimize waste throughout the value chain. Many of our dealers and processors already salvage their scrap and waste, supplying these to recycling companies from which we obtain high-quality material. New partners are always welcome, as recycle is unfortunately still a scarce resource today.

Closing the Loop – with the Exolon Group
